

I am a "people person" and I enjoy working with people. I do not limit my self to any small group or individuals but relate to everyone in town. I am quick to forgive and try not to return hard feelings for hard feelings. I enjoy finding solutions to problems, mending misunderstandings and uniting groups and people.

As mayor, my 90 day plan would be to make sure the town board is of one accord. My 6 month plan is to make sure there is a positive working relationship between the town board and such groups as the business community, the chamber of commerce and other groups working with the town board. My four year plan would involve three areas -the business community which would include the Chamber of Commerce, the trees and the lake.

Most of you know me; you know my work as a Rotarian and as a town trustee. You know I am a man of my word and if at all possible, I do what I say I am going to do and I am honorable in my dealings with people. I appreciate the people I work with and often thank the people around me giving them credit and encouragement.

Rotary has a motto which is "Service above Self" that I try to live by. That means I try to serve others even if it takes my time and my energy and I enjoy serving others.

Being mayor is not about me but about serving the people of the area and the Town of Grand Lake. I work hard to unite people and I have no personal agenda.

I am a positive person therefore I will have a positive attitude as Mayor. In fact my wife says I am too positive because I work extra hard to change negative situations into positive solutions.

If I am so honored to become the mayor of the Town of Grand Lake, I will do my best as mayor and the reason I cannot be negative is because if I am negative in any way, it would take away from my ability to do my very best as your mayor.

Please support me in the April 1<sup>st</sup> election for the position of Mayor.

Thank you for your Vote.
